IMPORTANT PRODUCT SAFETY INFORMATION

Lead Testing Law

Please be aware that effective February 10, 2009, children's products with more than 600 ppm total lead content cannot lawfully be sold in the United States. The total lead limit will drop to 330 ppm on August 14, 2009.

Although it appears that resellers and thrift stores are not required to perform testing for compliance, resellers cannot sell children's products that exceed the lead limit and therefore should avoid products that are likely to have lead content. Resellers that do sell products in violation of the new limits could face civil and/or criminal penalties.

It is unclear how Mom 2 Mom sales and/or garage sales fall under these new guidelines. In the event new information is provided to the Chippewa Valley School District which prohibits Mohawk PTO from sponsoring the sale, you will be notified immediately and your rental fee will be refunded to you.

For the protection and safety of everyone involved, we ask that everyone be mindful of this law and avoid selling products that may potentially be affected. Products such as children's jewelry, painted wood or metal toys are more likely to contain lead. If in doubt, please have your item tested or refrain from selling that particular item. For more information about this new law, visit www.cpsc.gov.

Recalled Products Law

On August 14, 2008 it became unlawful to sell recalled products. Please check the CPSC website (www.cpsc.gov) for information on recalled products. Particular attention should be given to items such as cribs, playpens, car seats and highchairs.

Car Seats

Mohawk will allow car seats to be sold in the Large Item Room as long as the car seat does not exceed the expiration date of the car seat (usually 5 years from the date of manufacture). Expiration dates are usually found stamped into the plastic of the car seat or on a consumer label (usually on the side or bottom of the car seat). Please do not sell a car seat that is broken, missing parts or if it has been involved in an automobile accident.

Cribs

As of December 2010, U.S. law outlaws drop-side cribs. **Mohawk M2M sales will not be allowed to sell drop-side cribs.**

Please note that it is the responsibility of the individual seller to ensure the compliance of the above information. Chippewa Valley Schools, Mohawk Elementary and Mohawk Elementary PTO assume no liability for compliance.
